THE SCHOOL RELIES ON DONATIONS

The grant from the Western Cape Education Department (WCED) and the tuition fees paid by parents do not cover the staff salaries and school's overhead expenses. The school is reliant on donations from individuals and organisations - have a look at the charts below for the school's sources of revenue and revenue expenditure for the 2014 financial year. These figures were calculated using the school's annual financial statements, which are prepared by an independent accountant.
